

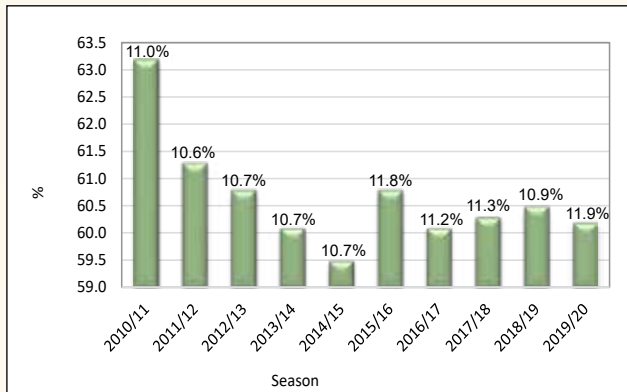

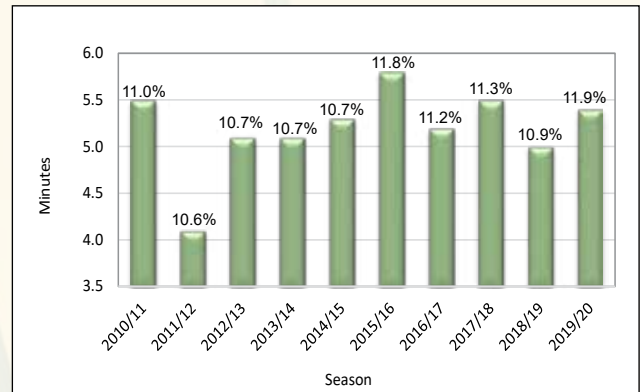

Graph 26a-h: Comparison of rheological quality over ten seasons  
(Flour protein content (12% mb) is indicated above each bar)

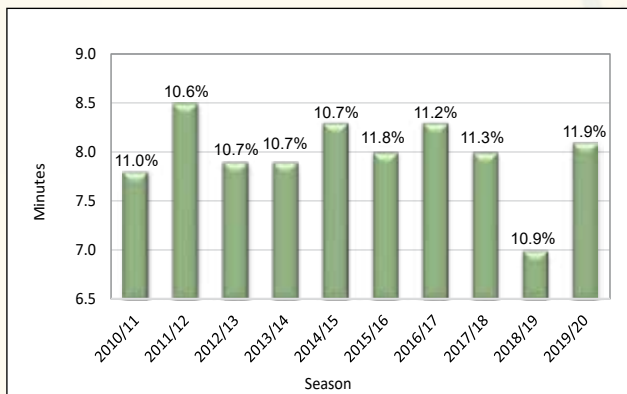

Graph 26a: Farinogram absorption (14%mb)

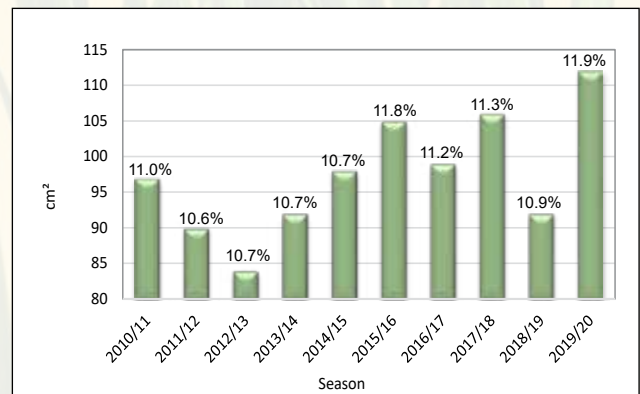

Graph 26b: Farinogram development time

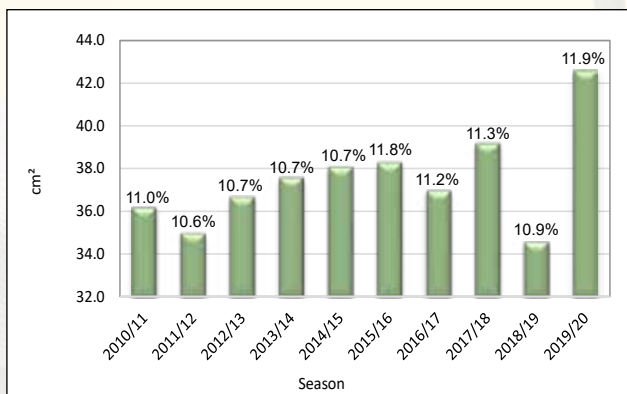

Graph 26c: Farinogram stability

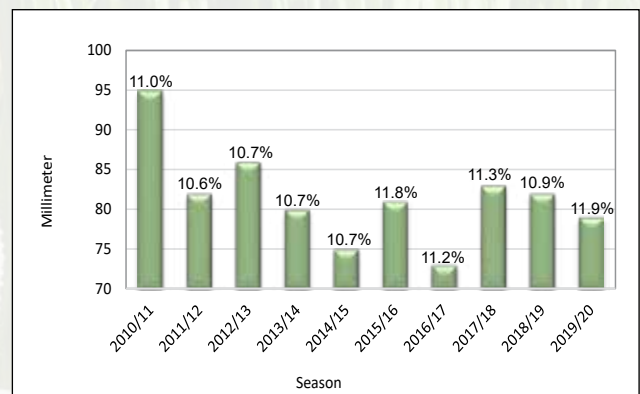

Graph 26d: Extensogram strength

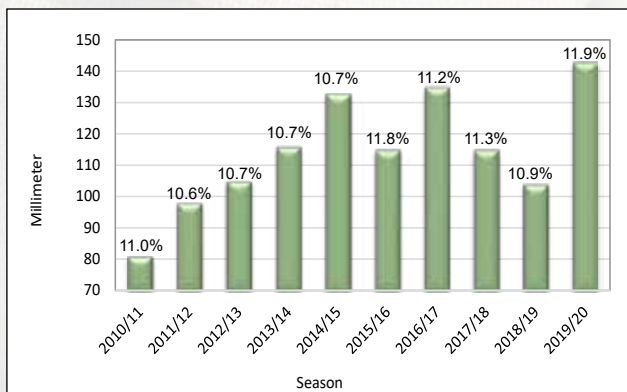

Graph 26e: Alveogram strength

Graph 26f: Alveogram stability

Graph 26g: Alveogram distensibility

Graph 26h: Alveogram P/L
